

# IRA Charitable Rollovers with KCCF

If you are 70 1/2 years old or older, you can make a Qualified Charitable Distribution (QCD) gift up to \$100,000 annually from your traditional IRA(s) directly to a 501(c)3 public charity.

This is a beneficial strategy for individuals who have reached the age at which you must start taking required minimum distributions (RMD) from your IRA(s). As the donor, you do not claim a tax deduction for the gift; however, the funds distributed to a public charity are excluded from income. Therefore, you will avoid income tax on these funds that would have otherwise been withdrawn from your IRA(s) as a required minimum distribution.

## How does it work?

In this example, let's say you took the maximum RMD of \$100,000 and rolled it over into a Restricted Fund with KCCF:

*For illustrative purposes only*

Federal tax law does not permit QCDs to donor-advised fund accounts like KCCF's Charitable Fund, but it does allow QCDs into a Restricted Fund. KCCF has created a Restricted Fund to support individual charities.

If you wish to take advantage of your QCD, KCCF can help you create one or more Restricted Fund(s). This allows you to potentially grow the fund tax free before you grant funds over time.
