4 COST BASIS — CALCULATION METHOD

As part of the Energy Improvement and Extension Act of 2008, mutual fund companies will be required to provide cost basis reporting to the Internal Revenue Service (IRS) and to taxpayers on mutual fund shares and dividend reinvestment plan shares (or similar arrangements) acquired on or after **January 1, 2012** ("covered shares") and subsequently redeemed. For all shares held prior to January 1, 2012 ("noncovered shares"), the Fund does not maintain historic lot information.

A mutual fund company is required to know the cost accounting method you would like used when the company calculates the gain or loss associated with your redemption requests, either at the time of the redemption or prior to the redemption requests. If the mutual fund company does not have that information on file, it is required to use a default method to determine the cost basis.

You may change the cost method on your account by making an election below. The elected method will be used for all accounts established under your tax identification number (Social Security number) and any future accounts established, unless you specify a method for each account you own. (Choose only one.)

- High Cost (Fund's default method) – Shares acquired with the highest cost per share are the first shares depleted.
- Average Cost – Values the cost of shares in an account by averaging the effect of all purchases made on or after January 1, 2012 in the account.
- First-In First-Out – Shares acquired first in the account are the first shares depleted.
- Last-In First-Out – Shares acquired last in the account are the first shares depleted.
- Low Cost – Shares acquired with the lowest cost per share are the first shares depleted.
- Loss/Gain Utilization – Depletes shares with losses before gains, consistent with the objectives of minimizing taxes. For shares that yield a loss, shares owned one year or less (short-term shares) will be redeemed before shares owned more than one year (long-term shares). For gains, long-term shares will be redeemed before short-term shares. With favorable long-term gains rates, long-term gains are given priority over short-term gains to reduce tax liability.
- Specific Share (Lot) Identification – The shareholder selects which lots to deplete at the time the redemption is requested. When choosing this method, please select a secondary method as an alternate in the event a specific lot for depletion is not provided:
 - First-In First-Out
 - Last-In First-Out
 - High Cost
 - Low Cost
 - Loss/Gain Utilization

Note: If you elect a method other than Specific Share (Lot) Identification, the method you choose will not be utilized until all noncovered shares are redeemed. If you elect Specific Share (Lot) Identification as your cost method, you may select from both covered and noncovered shares for your redemption request. The Fund does not maintain historic lot information for noncovered shares.

5 DIVIDEND/CAPITAL GAIN DISTRIBUTION OPTIONS

Please update my dividend and/or capital gain options as follows:

9 BENEFICIARY ELECTION CHANGES

Complete this section if you have an IRA or Transfer on Death Account and wish to add or change Beneficiaries. If you are adding or changing Beneficiaries for your Transfer on Death account, please provide a Signature Guarantee in Section 10.

Note: Any amount remaining in the Account that is not disposed of by a proper Designation of Beneficiary will be distributed to your estate (unless otherwise required by the laws of your state of residence). Any subsequent Designation filed with the Custodian will revoke all prior Designations, even if the subsequent Designation does not dispose of your entire account.

I designate the individual(s) named below as the Beneficiary(ies) of this Account. I revoke all prior account Beneficiary Designations, if any, made by me for these assets. I understand that I may change or add Beneficiaries at any time by written notice. If I am not survived by any Beneficiary, my Beneficiary shall be my estate. (If no percentage is specified, primary Beneficiaries will share the account balance equally.)
